EXECUTIVE SUMMARY

Motivated 3rd-year IT undergraduate specializing in defensive cybersecurity with hands-on experience in SOC and Blue Team labs. Skilled in SIEM monitoring, alert triage, log analysis, and incident response aligned with the MITRE ATT&CK framework. Backed by professional Help Desk experience, strengthening troubleshooting, documentation, and communication skills. Seeking a SOC / Cybersecurity Intern role to contribute to real-world security operations while continuing to develop defensive expertise.

EDUCATION

- **Bachelor of Science (Honours) in Information Technology**
The Open University of Sri Lanka (OUSL)
Expected Graduation: November 2027

EXPERIENCE

1. Help Desk Representative

Tech Bridge Solutions Ltd, United Kingdom **(February 2025 – Present)**

- Resolved 5+ technical support tickets weekly, achieving a high first-call resolution rate.
- Documented incidents and resolutions in ticketing systems, ensuring compliance with ITIL service desk standards.
- Identified potential security-related issues and escalated incidents following established procedures.

2. Inventory Manager and Cashier

Bilaal Kidz Sri Lanka **(January 2022 – January 2024)**

- Optimized an existing ERP-based inventory system to improve stock accuracy and reduce operational errors.
- Maintained accurate financial and inventory records and generated routine management reports using ERP systems.

TECHNICAL SKILLS

- **Security:** SIEM Monitoring, Alert Triage, Incident Response Fundamentals, MITRE ATT&CK
- **Systems:** Windows, Linux
- **Networking:** TCP/IP, DNS, HTTP
- **Scripting:** Python, PowerShell, Bash
- **Blue Team:** Log Analysis (Windows & Linux), SOC Operations

SOFT SKILLS

- Communication
- Problem Solving
- Analytical Thinking
- Attention to Detail
- Documentation

CERTIFICATIONS

- Google Cybersecurity Professional Certificate
- Junior Cybersecurity Analyst – Cisco Networking Academy
- Security Operations Center (SOC) – Cisco
- Automate Cybersecurity Tasks with Python – Google
- Practical Help Desk – TCM Security
- **Additional certifications:** Cyber Threat Management, Endpoint Security, Network Defense (Cisco); Cyber Kill Chains (Cybrary); Python Programming (GeeksforGeeks)

PROJECTS

1. SOC Home Lab (Defensive Cybersecurity)

- Designed and deployed a virtual SOC lab using virtual machines, SIEM, and IDS tools.
- Automated repetitive security tasks using Python scripts, reducing manual triage time.
- Documented workflows and incident reports, ensuring structured Blue Team operations for future reference.

2. Mastercard Cybersecurity virtual experience program on Forage

- Completed a job simulation as a Security Analyst within Mastercard's Security Awareness Team.
- Helped identify and report security threats such as phishing.
- Analyzed and identified which areas of the business needed more robust security training and applied training courses and procedures for those teams.

3. Deloitte Australia Cyber Job Simulation on Forage

- Completed a job simulation involving reading web activity logs.
- Supported a client in a cyber security breach
- Answered questions to identify suspicious user activity

4. LetsDefend - Blue Team Training Platform

- Completed real-world SOC analyst simulations on the LetsDefend Blue Team Training platform.
- Investigated alerts, examined malicious activities, and leveraged incident response procedures.

LANGUAGE PROFICIENCY

- English (Proficient)
- Tamil (Native)
- Sinhala (Conversational)
